Provost C. Eccles,
Municipal Buildings,
Tillicoultry.

Dear Provost,

I have received a letter from Sir Martin Charteris, Assistant Private Secretary, in which he tells me that he was immediately instructed to let me know how greatly The Queen and The Duke of Edinburgh had enjoyed their visit, and how delighted they were with the warmth of the welcome given to them.

I have been asked by The Queen to convey an expression of her thanks and appreciation to you and all those in the Burgh who were responsible, both for the preparation of the arrangements and carrying them out so successfully.

I should like also to pay my own personal tribute.

Yours sincerely,

J. P. Sanger.
